The 2004 Blue Book Research Services Directory

The *Blue Book* is the industry's most comprehensive and easy to use reference guide, listing thousands of experienced professionals in marketing research and related fields. For many years it has been ***the source*** that clients and other market researchers turn to and trust. The *Blue Book* comes out annually in February, so the information in it is always being kept fresh and up-to-date.

There are two volumes that make up the *Blue Book*. Volume 1 is arranged by geographic region, with an index to find a specific company quickly. Volume 2 is arranged by specialty, for finding a company with the specific skill set or facility that you are looking for.
